

Forms PAK

Forms PAK is a powerful, yet affordable application software program, integrated with Citrus Pro to produce high quality checks and forms.

Forms PAK is easy to use and as simple as printing a report. Forms PAK simply compiles the report data from Citrus Pro and organizes it onto professional looking forms that can be printed on most laser printers. The checks and forms may be customized with company logos, images, digitized signatures, and certain general layout changes. Forms PAK

Forms PAK is practical and simple

- Generates high quality checks and forms on most current laser printers
- Saves time--No waiting for the printing company to create forms
- Saves money--No paying someone else to print your documents
- Provides security--No blank checks or forms lying around the office
